**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Broadband access is critical and there needs to be full and fair competition within the markets. We rely heavily on broadband access for home and our small business. We used to have AT&T broadband but had connectivity and customer service issues which forced us to change to local fiber which has been much more reliable and reasonably priced. We cannot allow the prices to increase any further. Thank you.
